

## Beauty of the beast - 1/2

Interprété par Nightwish.

Long lost love

Trees have dropped their leaves  
Cloud their waters  
All this burden is killing me

Distance is covering your way  
Tears your memory  
All this beauty is killing me

Oh, do you care,  
I still feel for you  
So aware,  
What should be lost is there

I fear I will never, never find anyone  
I know my greatest pain is, is yet to come  
Will we find each other in the dark  
My long lost love

Oh, do you care,  
I still feel for you  
So aware,  
What should be lost is there

Oh, do you care,  
I still feel for you  
So aware,  
What should be lost is there  
Oh, do you care,  
I still feel for you  
So aware,  
What should be lost is there

One more night to live

Safely away from the world  
In a dream  
Timeless domain  
A child, dreamy-eyed,  
Mother's mirror, father's pride  
I wish I could come back to you  
Once again feel the rain  
Falling inside me  
Cleaning all that I've become

## Beauty of the beast - 2/2

My home is far but the rest it lies so close  
With my long lost love under the black rose  
You told I had the eyes of the wolf  
Search them and find the beauty of the beast  
All of my songs can only be composed of the greatest pains  
Every single verse can only be born of the greatest wishes  
I wish I had one more night to live

A saint blessed me, drank me deeply  
Spitting out the misery in me  
Still a sinner rapes 1000 saints  
Sharing the same hell with me  
Sanest choice in this insane world :  
Beware the beast but enjoy the feast he offers

Sanest choice in this insane world :  
Beware the beast but enjoy the feast he offers

All of my songs can only be composed of the greatest pains  
Every single verse can only be born of the greatest wishes  
I wish I had one more night to live

Christabel

“Oh, sweet Christabel, share with me your poem  
For I know now, I’m a puppet on this silent stage show  
I’m but a poet who failed his best play  
A Dead Boy, who failed to write an ending  
To each of his poems”
