

## Queen of the dark horizons - 1/2

**Interprété par Rhapsody.**

Rosa nera sussurante piange sangue d'innocenza  
Dall' abisso lei ritorna per urlare la sentenza

The witches are riding, wolfs howl at the moon  
While candles are lighting the black mess of fools  
The daughter of evil the mistress of shame  
Her tomb is now open to allow her awake  
... 'cause she is the princess of sorrow  
she is the bringer of pain  
While gothic portals of sadness call her  
Unpronounceable name

Moonlight is lighting her face  
Down in the crypts of the damned  
Her sins will not be the last  
When the rituals start

Black candles burning announce her come back  
The reign is awaiting the queen of the dead... of the dead !

The poison is ready, the words are pronounced  
The portals are open, her soul wanders trough  
Her body is moving, her heart of bitch pounds  
Is Kron who lives in her, in her open wounds  
... 'cause she was devoted to darkness,  
Drinking black blood for her god  
Witch of perversion and luxury suicide  
As true lover of Kron

Moonlight is lighting her face  
Down in the crypts of the damned  
Her sins will not be the last  
When the rituals start

Black candles burning announce her come back  
The reign is awaiting the queen of the dead... of the dead !

Rosa nera sussurante piange sangue d'innocenza  
Dall' abisso lei ritorna per urlare la sentenza

Oh, god... the passage is open  
The souls of the damned are ready to cross it...  
Godforsaken bitch... !  
Your fucking army of dead will never be so powerful  
To break the chains of wisdom... beware !  
My land don't cry  
My birds don't stop fly

## Queen of the dark horizons - 2/2

Poor child don't die  
Don't let her taste your blood

Gargoyles and wizards prepare this last ride  
Mountains and valleys are calling your might  
Mystical sunshines prelude to her coming  
The black flame of evil is burning and growing

Queen... queen of the dark horizons !

Forests of ghostland give your sad welcome  
To the ancestral whisper of hell  
Sodomy, pestilence, torture and bloodshed  
Is what she brings from her past of depraved

Queen... queen of the dark horizons !

Her body is moving, her heart of bitch pounds  
Is Kron who lives in her, in her open wounds  
... 'cause she was devoted to darkness,  
Drinking black blood for her god  
Witch of perversion and luxury suicide  
As true lover of Kron

Moonlight is lighting her face  
Down in the crypts of the damned  
Her sins will not be the last  
When the rituals start

Black candles burning announce her come back  
The reign is awaiting the queen of the dead... of the dead !
