

## Solo (album alsou) - 1/1

**Interprété par Alsou.**

I'm sitting alone, here in my room  
Staring at your picture from midnight till noon  
Counting the hours counting the days  
You know that I miss you in a million ways

Now I wait in the cold  
And this is getting old  
No more stories, no more lies  
Take me off this ride

When you see me in the hall  
I'll look at the wall  
By my actions you should know  
I'm going solo... going solo

My friends try to tell me  
I didn't want to listen  
'Cause I'm the kind of person  
Gotta find out on my own  
I gave you my heart  
You tore it apart  
But I'm coming back strong  
I know it was wrong

Now I wait in the cold  
And this is getting old  
No more stories, no more lies  
Take me off this ride  
When you see me in the hall  
I'll look at the wall  
By my actions you should know

Now I wait in the cold  
And this is getting old  
No more stories, no more lies  
Take me off this ride  
When you see me in the hall  
I'll look at the wall  
By my actions you should know  
I'm going solo... going solo
