

Now i know - 1/2

Interprété par Alsou.

Innocence,
I came to you searching for something.
You touch a flame, deep inside
and what I feel, I can't hide

Grains of sand, on the shore,
I won't search anymore

Now I know, What love is,
from both sides
I've learnt this

Every heart, has to grow
You shown me,
Now I know,
Now I know

When it gets dark,
You shine a light,
guiding my spirit.
Yes I've wondered,
reasons why
you've turned my soul
out to cry

grains of sand
on the shore,
I won't search anymore

now I know
what love is,
from both sides ,
I've learnt this

every heart
has to grow,
you shown me,
now I know
now I know

Now I Know ,
just what love is,
I feel the power there in every kiss,
Now I Know just how it feels
in the silence my emotion
reveals what love is

Now i know - 2/2

Now I Know what love is,
from both sides,
I've learnt this,

every heart
has to grow,
you shown me,
now I know
now I know

Now I Know
What love is
From both sides
I've learnt this

Every heart
has to grow
You shown me
Now I Know
Now I Know
What love is
From both sides
I've learnt this
Every heart
has to grow
You shown me
Now I Know
Now I Know
