

Secretly - 1/1

Interprété par Jennifer Lopez.

It's like I'm lost
I don't know
This feeling that I have about you
Will you ever know?

1 - Secretly, I'm wanting you
And I'm hoping you want me too
I smell your scent across the room
And I can't wait to get next to you

Whatever I see
(When I look at you across the room)
Whatever I hear
(I wonder if he loves me too)
Whatever I do
(I just think about you for hours)
Oh baby and it's got me thinking of you

Repeat 1

Whenever you speak
Whenever you, ooh
(You're all I think about)
Whenever you breathe
Baby, let me touch you please

Repeat 1 (2x)

It smells so good
I just wanna, kiss you
I wanna, lay with you
I don't know how to tell you
But secretly, I want you
I just wanna get next to you
