

Leave it behind - 1/1

Interprété par The Offspring.

Rage burns can't push it aside now
Can't forgive this grudge is alive now
All the rage eats you up inside
Can you leave it behind
What a surprise --
You're fucked with again Yeah
It's a way of life you need to get over
All the rage just eats you alive
Can you leave it behind
I don't know where it'll end
The sun has set
And I can't be friends
I don't know if I can forgive
The day is long
But you were so dead wrong
