

# Hurt you so bad - 1/1

**Interprété par Crazy-Town.**

Now let me state it for the record  
I'm jaded but when you looked at me  
I couldn't escape it  
I really hate it when I'm out of control  
But baby after the show  
My mind just wouldn't let go  
Tell me was it a hallucination (hallucination)  
That made me feel so alone (so alone)  
And even though I had never met you before  
I Can't get you out of my head  
Now I'm pouring out my heart for you

**CHORUS:**

I never meant to hurt you so bad  
I'm just trying to get over you  
I hope you never meant to hurt me so bad  
Don't you feel the same way too  
I never meant to hurt you so bad  
I never meant to hurt you

So now I sit and think of what I could say  
When you look at me to re-ignite the connection  
I'm gonna take you to a place beyond time  
Somewhere that we've never been  
Someplace that I couldn't find  
Tell me if your feeling my addiction (my addiction)  
Without you I just can't disguise (can't disguise)  
How much I need to see your face one more time  
Can't get you out of my head  
Now I'm pouring out my heart for you

**CHORUS**

Uh huh, yeah yeah

**CHORUS**

Uh huh, yeah yeah  
I never meant to hurt you
