

## Back up - 1/1

**Interprété par 12 Stones.**

I hear the words you say to me  
I see the way you look at me  
I know what's on your mind so  
Stand up get up back up now  
Just stay away

I know the fear you hold inside  
I know what's weighing on your mind  
There's nothing you can do so  
Stand up get up back up

You're reaching out just to be like me  
But you've fallen short  
Still you're following me  
You had the chance to bring me down  
But there's nothing left  
So just stay away from me

You can't stand to see my face  
To know you'll never take my place  
There's nothing you can do but  
Stand up get up back up now  
Just stay away

I feel the hate you push on me  
I see the things that you can't see  
I know what's on your mind so  
Stand up get up back up

It's not the things you say to me  
It's not the things that I believe  
You try to bring me down  
So stand up get up back up now Just stay away
