

Anarchy in the u.k (version originale) - 1/1

Interprété par Sex Pistols.

right! now ha,ha

I am an antichrist
I am an anarchist
Don't know what I want
But I know how get it
I wanna destroy the passerby
'cause

I wanna be anarchy
No dogs body

Anarchy for the U.K
It's coming sometime and maybe
I give a wrong time stop a traffic line
You're future dream is a shopping scheme
'cause

I wanna be anarchy
No dogs body

How many ways to get what you want
I use the best
I use the rest
I use the enemy
I use anarchy
'cause

I wanna be anarchy
It's only way to be

Is this M.P.L.A or
Is this U.D.A or
Is this I.R.A
I thought it was the U.K
Or just another country
Another council tenancy

I wanna be anarchy
I wanna be anarchy
Oh what a name

And I wanna be an anarchist
Get pissed
DESTROY!
