

## Girl - 1/1

**Interprété par Papas Fritas.**

Girl, don't be afraid, say what you wanted to say  
Boy, stay, don't be afraid  
Don't walk away from a girl in love  
She'll call your bluff, and stay away until you say

Girl, I think I can change  
I've learned just enough and I want to love  
Stay, here's what I'll do  
I made up my mind and I'll wait for you  
If you'll be true, I'll try to live my life for you oh girl

Girl, wait, fate doesn't change  
I've made up my mind and I'll stay
