

## Of light and darkness - 1/1

**Interprété par Vision Divine.**

Here I am, faced to you  
Tell me now whatever could I do ?  
(Is than now the time to go ?)

Today I wear a face born in the falling rain  
And all I need is her shape  
(Where are you now ?)

Remember what I said :  
"Don't ever lose your faith  
When a love is true there is no end..."

Here I lay ; out of the window  
Another star is falling,  
Another man is dying...

God, I hear an angel knocking to my door :  
He comes to wash my sins away  
He comes to call my name

Remember what I said :  
"Don't ever lose your faith  
Now I say one day we'll meet again..."

[Girl:] "Come to me, now you see  
There's no end, there's no pain..."

Remember what I said :  
"Don't ever lose your faith  
Now I say one day we'll meet again..."

Far away, she's waiting there for me...  
[Girl:] Far away, he's coming here to me...  
Far away, we'll start a new life... For ever  
Dreamin' on for ever...
