

Susi - 1/1

Interprété par Daisybox.

Susi's gonna cry for you
Mummy's gonna pray for you
Daddy would be proud of you
And they'll maybe write to you

I love you, I need you, I want you, I do (x4)

Susi's gonna meet a man, shed a tear and take his hand
Mummy's gonna leave the town, dragon-fly to bust around
Daddy's gonna burn his brain but for nothing, just in vain
Soldier you should come and see, mother country did agree
