

## Frost on your sunglasses - 1/1

**Interprété par General Electrics.**

There's frost on your sunglasses  
Your eyes are so cold  
Icicles on your eyelids  
Once tears I'm told

You keep everyone intrigued  
Till you shed your shades  
Then send everyone on a trip  
To the everglades

There's frost on your sunglasses  
Huh huh huh

Whenever you stare at me  
A ray of snowflakes  
Replaces what used to be  
A beam of sweetness
