**Interprété par Timo Tolkki.**

Album : Hymn To Life (2002)

Paroles et Musique : Timo Tolkki

The smell of your breath, it makes me sick  
Your naked body lying on the floor  
I want to kill you but you did it yourself  
You killed my innocence  
You drunken fuck  
I hate you  
I piss on your grave and curse your memory

I was always there in the family hell  
I was in your way and you hit me  
You cut your wrists and jumped from the 4th floor  
I was the last one who saw you alive  
I hate you  
I damage you  
I bury you  
I kill you

I wish you would have been there to watch me grow  
Guiding me with wisdom, love and patience  
Telling me that you love me and showing it to me  
Making this world a safe place to be

You hurt me so much that I don't know if I'm ever gonna be whole  
But I want you to know that I'm gonna try  
Still after all that you did I miss you  
And the rose and the letter that I brought to your grave  
Tells you about my longing

So I say goodbye to you now after 23 years  
You were just a moment of my life and I got to continue  
Maybe one day I will be able to forgive you  
Until then goodbye
