Album : Fright Night (1989)

Musique : Timo Tolkki

Paroles : Tuomo Lassila

Scream at nights  
But you won't be heard  
It's deep inside  
The pain within your head  
You cry for help  
The torture won't let you go  
Your mind is aching  
And you can't go on

Reaching for window  
Your execution  
Is the only solution  
Night screamer

Afraid at nights  
There's nothing to be afraid of  
Your nightmares  
Won't leave you alone  
Try and think hard  
What's wrong in your life  
Try and stay cool  
You'll find peace of mind

Reaching for window  
Your execution  
Is the only solution  
Night screamer
