Walking down the path  
That leads me to my memories  
Pacing all the way  
Without a care in my stride  
Where are the friends of my yesterday  
Have they moved on with their lives?  
Can we still laugh  
And joke about things like before?

There's no need to hide  
Past that I have left behind  
It's a good resource  
Somewhere for me to find  
Why am I waiting for someone to reach out  
It shouldn't be all up to them  
Keeping in touch ain't that easy  
But I'll have to try

Where have all the years gone?  
That's what I am asking now  
What have I learned so far?  
Tell me father time - tell me now

Now I understand  
I'll take from time what I need  
And I store it inside  
It's there for me to find  
I can't deny that the years will pass by  
But it won't bother me  
Coz now I will set out  
To realize my dream

Where have all the years gone?  
That's what I am asking now  
What have I learned so far?  
Tell me father time - tell me now
