More that I live
More clear it's each day.
We got to change our ways.
There is no way to go back anymore.
Eons rumble through space.

We must find new ways to live. I know there's so much more to give

Millennium - Where do we go?
Millennium - Time will show
Forevermore - The light will be guiding our journey
Millennium - Show us the way
Millennium - To the new day
Forevermore - Give us a chance to change

People may come and people may go
But dance of time is eternal.
What is the meaning of this cosmic play?
Will we see another day?

We must find new ways to live. I know there's so much more to give

Millennium - Where do we go?
Millennium - Time will show
Forevermore - The light will be guiding our journey
Millennium - Show us the way
Millennium - To the new day
Forevermore - Give us a chance to change
