

## Holdin' on together - 1/1

**Interprété par Phoenix.**

He told me a heart can't smile  
If it's filled with tears  
Growing up I thought "it's all gone"  
Now it comes back to me, again

Ghetto uniform, collect calls  
That I can explain  
All the things I've ruined, abandoned  
They come back to me

Holdin' on together I  
Try to set the night on fire  
Holdin' on together I  
Try to set the night on fire

He told me for those who been drowned  
There is no refrain  
With one & only youth, a gospel  
I do what I can

Holdin' on together I  
Try to set the night on fire  
Holdin' on together I  
Try to set the night on fire

Though I've been trying  
To lose it all before it's gone  
Whatever comes, a heart can't smile if it's filled with tears  
Though I've been waiting  
All I got to do is call  
I'm diving deeper, won't you get me out of this despair

Holding on together I  
Try to set the night on fire  
Holding on together I  
Try to set the night on fire

My happiness inside us  
Has nowhere else to fall  
Troubles hearing through the telephone  
It is filled with tears
