

## Red is a slow colour - 1/1

**Interprété par The Gathering.**

The black house in in my street  
looks too dark just to go inside  
But when I do  
I cannot move because of  
the mess in the hallway

The picture on the wall is chaotic  
I don't want to look at it  
But when I do  
I cannot speak because of  
the confusion in my head

I am unfit and I want to leap away  
But when I do  
The red colour comes after me  
It is fierce and it moves slow

The picture on the wall is chaotic  
I don't want to look at it  
But when I do  
I cannot speak because of  
the confusion in my head

I am unfit and I want to leap away  
But when I do  
The red colour comes after me  
It is fierce and it moves slow
