Mmhmm mmhmmm, i loved you,
I loved you (more) when you had no money (more)
Use to say "i love you" (more) baby all i need is
More time and more mind,
I loved you (more) every day was sunny (more) use to think about (plus)
You (more) baby all i need is
More time and more mind

Just another day im not being in your way
So im all alone... all alone ooh yea,
Just another week we don't hardly speak but im holding on
Stop treating me so wrong,
Give me your loving, Give me your mind,
Give me your kissing, Give me some time,
Cuz i cant live my life if my heart walks out your life,
Give me your loving, Give me some easing, Give me your kissing,
Give me a reason, to make me wanna stay
Wanna go back to the day i loved you...

[Chorus]

(More) when you had no money
(More) use to say i love you
(More) baby all i need is,
More time and more mind,
I loved you (more) every day was sunny (more)
And i was thinking of you (more) baby all i need is
More time and more mind

Dont make me twist your arm to stay a little me will be okay,
Walk out the door, Ohh-Woahhh-Ohh,
I think its time i found that guy, I can rely on day and night,
To be by my side baby,
And be a real man to his lady,
Give me your loving, Give me your mind,
Give me your kissing, Give me some time,
Cuz i cant live my life if my heart walks out your life,
Give me your loving, Give me some easing, Give me your kissing
Give me a reason to make me wanna stay
Wanna go back to the day i loved you...

[Chorus]
