

Emtee - 1/1

Interprété par Otep.

Eye remember
Suffering

Eye remember
Feeling the sting

Of childhood
& injections

Holy bruises
---sweet infections

Soaked in a stew
Like drowning
Cockroaches

Whose only
... crime

Was the
Greed of
Inherent
Hunger

U know where
Eye'm fragile
U know
How to kill

---kill ---

All fall away
All fall today

... ...
PAIN ! ! pain

[Chorus x4]
Eye can't keep this rage in me
Can't keep pretending
Can't be this emtee

... anymore ...

I can
Make it go away
[& make it go away]
