

We believe - 1/1

Interprété par Good Charlotte.

There's a woman crying out tonight
Her world has changed
She asked God why
Her only son has died
And now her daughter cries
She can't sleep at night

Downtown another day for all the suits and ties
Another war to fight
There's no regard for life
How do they sleep at night
How can we make things right
Just wanna make this right

We believe / we believe, we believe / we believe, ...
In this love

We are all the same
Human in all our ways and all our pain
So let it be / There's a love that could fall down like rain
Let us see / Let forgiveness wash away the pain
What we need / And no one really knows what they are searching for
We believe / This world is crying for so much more

We believe / we believe, we believe / we believe, ...
In this love ...

So this world is too much for you to take
Just lay it down and follow me
I'll be everything you need
In every way

We believe / we believe, we believe / we believe, ...
In this love, in this love
We believe, in this love
We believe, in this love
We believe, in this love
