

Ice cream - 1/1

Interprété par Julie Masse.

Aren't you just like ice cream
Creamy silky smooth
Aren't you just like a dream
In the heat of summer night
baby I
I want to try... something new
Me oh my
Honey you're so cool...
so cool...

The simplest pleasure
Goes on forever
The sweetest sensation
You will ever find
The momentary
Solitary
Forever frozen in my mind

I just want to taste it
Feel it going down
Frosted flavoured shivers
Make your heart beat quick
Oh I
I don't see why you should
resist
Oh my
Your icy flavour on my lips

(Repeat chorus X 2)
