Narrator :

There is danger ahead. But do not be afraid. For I am with you- like breath itself. Darkness will lead to light- colour will bleed into the night. Beautiful colours, the likes of which you have never seen. Let the dream of confusion lead you into the virgin light! Be gone! Be all- seeing, be brave....Be gone!

Part I : Amazing Flight In Space

Barbarian:

I'm looking 'round bewildered
Is this some dark and evil jest?
What brought me to this cursed keep
Perchance some crazy quest
God forbid I am no coward!
Pitted against a monster, man, or ghost,
I'd wield my blade with crimson gusto
For I am the proud barbarian host!

Hippie:

Hey dude, you're so uncool
But hey, that's alright
Like there's no need to get uptight
My eyes reflect the stars
And smile lights up my face
We're on an amazing flight in space

Barbarian:

I shook city walls and towers
Wreaking havoc in the streets
Burned palaces of cow'rdly kings
Not a one stood up to me (fools) here

Bear bloody banners in blazing skies
Brandish battle-axe and broadsword
Let drums of glory sound like thunder!

Amazing flight - 2/2

Hail!! Barbaric warlord!!

Hippie:

Hey dude, you're so uncool

But hey, that's alright

Like there's no need to get uptight

My eyes reflect the stars

And smile lights up my face

We're on an amazing flight in space
