

California - 1/1

Interprété par Phantom Planet.

We've been on the run
Driving in the sun
Looking out for number one
California here we come
Right back where we started from
Hustlers grab your guns
Your shadow weighs a ton
Driving down the 101
California here we come
Right back where we started from
California (California...) Here we come
On the stereo
Listen as we go
Nothings gonna stop me now
California here we come
Right back where we started from
Pedal to the floor
Thinking of the roar
Gotta get us to the show
California here we come
Right back where we started from
California (California...)Here we come
(repeat to end
