Thinking back, thinking of you
Summertime think it was June
Yeah think it was June
Laying back, head on the grass
Chewing gum having some laughs
Yeah having some laughs.

You made me feel like the one
Made me feel like the one
The one

Drinking back, drinking for two
Drinking with you
When drinking was new
Sleeping in the back of my car
We never went far
Didn't mean to go far

You made me feel like the one
Made me feel like the one
The one
You made me feel like the one
Made me feel like the one
The one

I don't know where we are going now
I don't know where we are going now

Wake up, cold coffee and juice
Remembering you
What happened to you?
I wonder if we'll meet again
Talk about life since then
Talk about why did it end

You made me feel like the one
Made me feel like the one
The one
You made me feel like the one
Made me feel like the one
The one

I don't know where we are going now
I don't know where we are going now

So take a look at me now
