

## Nobody till you - 1/1

Interprété par Lindsay Lohan.

I never walked on water never saw  
A reason to be going out that far  
I never found a star that made a wish  
But now the sky is listening to my heart

they can brake me, make me  
If they want they can chase me  
Love me, Hate me I dont care anymore

Chorus:

Till you, It was nothing but lonely nights  
It was nothing but sad goodbye's  
for me to fall through  
Come true like change an awakening  
somebody is making me  
The only one in the room  
what nobody could do, Nobody till you...

And the more you talk the less I fear  
No matter what you say we're still on the same hemisphere  
And there's comfort in just knowing that  
Where ever I go a part of me is staying here with you

So take me, shake me  
if you want you can chase me  
Love me for me and stay away from the door

(Chorus)

Why kind of world would it be  
If you ever went away  
Oh and I cant go back to what i had  
cause it will never be the same

(Chorus 2x)
