

Kundalini - 1/1

Interprété par Watts.

Eeny meeny miney moe
Kundalini get ready to go
Designer vagina what do you say
Kundalini get ready to pray
Kundalini fit to burst
Kundalini come and do your wurst
Kundalini like a little piece
Kundalini my sweet relief
Open your eyes tonight
You could be wise tonight
You could survive tonight
I'll be your highs tonight
I'll be your lie tonight
Unto the sky tonight
I'll take your blows tonight
I'll show you lows tonight
Deceitful lies will not take you there
The secret life of you labia
Kundalini get back in line
Kundalini is mine all mine
Kundalini relax reload
Kundalini do what you're told
Kundalini gonna be my fun
Kundalini got a great big gun
Kundalini you'll be my last
Kundalini come and kiss my ass
Open your eyes tonight
You could be wise tonight
You could survive tonight
I'll be your highs tonight
I'll be your lie tonight
Unto the sky tonight
I'll take your blows tonight
I'll show you lows tonight
Deceitful lies will not take you there
The secret life of you labia
Open your eyes tonight
You could be wise tonight
You could survive tonight
I'll be your highs tonight
I'll be your lie tonight
Unto the sky tonight
I'll take your blows tonight
I'll show you lows tonight
