

## Manripe - 1/2

**Interprété par Sow.**

Look at them  
Dribbling  
Drooling  
Leering  
Peering  
Sweating pints of acrid lust  
Listen to them  
Sneering  
Jeering  
Jibing  
Vibing every little kitten that comes their way.  
Do you really want to go out there and meet the species  
They'll love you for it  
You're just up their street  
Two hills  
Two holes  
A real treat  
Hills  
Holes  
Two of each kind  
Hills  
Smother  
Smother holes  
Hills  
Dig  
Dig up holes  
Smother those hills  
Dig up those holes  
No-one's gonna know  
Who dunnit  
I know them S for slimey  
C for cock  
U for ugly  
Unsavoury  
Unnecessary  
Unsafe  
M for...  
Well you know them don't you  
I won't hurt you  
I'll take care of you  
No harm will come to you now you're mine  
Neo-natal neurosis  
Never wanna give you up  
Was gonna give you to the world one day  
But the world was full of muck  
Check the chick with the sexy voice and the silky shiny hair  
Those legs they just go on forever and those buttocks

## Manripe - 2/2

What a pair  
Manripe  
Firm pert rounded little titties  
Eyes open wide  
Wanna strap her down  
Wanna fill her up  
Wanna burst her from inside  
Won't hurt you  
Love you  
Protect you  
The world outside  
Neo-natal neurosis  
Never wanna give you up  
Was gonna give you to the world one day but the world was full of muck  
Succulent isn't she  
I love the way she moves  
Wanna watch her  
Smell her  
Have her near  
Wanna whisper in her ear  
Bushy Bushy quite contrary what does your garden hide  
All the fruits pink and soft and juicy that only my mummy can find"  
She's mine  
No  
Not  
Never  
Ever  
Yours  
Yes  
Is  
Always  
Forever  
Mine  
She's mine
