For your love - 1/1

Interprété par D'geyrald.

I control how I can
The different faces of my soul
When I stay all alone
In front of the mirror of my life
I can't say
I'm alive
When I lost
Your dreams

REFRAIN :
Still I want catch
The sun the light of your love
Cause I'm on your way
Try again
Still I want catch
Your body cause you're the one
For your love
I should be a slave
For your love

Et si ma vie perd ta trace
Que mes sentiments trépassent
Vers une larme de détresse
A défaut de la tendresse
De la lumière de l'aube
Fatigué
Je tombe

REFRAIN :
Still I want catch
The sun the light of your love
Cause I'm on your way
Try again
Still I want catch
Your body cause you're the one
A should be a slave
For your love (x18)

I control how I can
The different faces of my soul
When I stay all alone
In front of the mirror of my life

I can't say
I'm alive (x7)
