

## Where does my heart beat now - 1/1

Interprété par Céline Dion.

So much to believe in - We were lost in time  
Everything I needed  
I feel into your eyes  
Always thought of keepin -  
your heart next to mine  
But now that seems so far away  
Don't know how love could leave without a trace  
Where do silent hearts go?

Where does my heart beat now  
Where is the sound  
That only echoes through the night  
Where does my heart beat now  
I can't live without  
Without feeling it inside  
Where do all the lonely hearts go

Candle in the water - Drifting helplessly  
Hiding from the thunder -  
Come and rescue me  
Driven by hunger -  
Of the endless dream  
I'm searching for the hand that I can hold  
I'm reaching for the arms that let me know  
Where do silent hearts go?

I know that out there somewhere  
He waits for me  
Someone who's searching just like me  
Then one touch overcomes the silence  
Love still survives  
Two hearts needing one another  
Give me wings to fly  
I hear my heartbeat now  
I hear the sound  
Hear it echo through the night

I feel my heart beat now  
Now that I've found  
The feeling lives inside  
I've got someone to give my heart to  
Feel it getting stronger and stronger and stronger  
Hearts are made to last  
Till the end of time
