

Love by another name - 1/2

Interprété par Céline Dion.

Somewhere past midnight
When the moment is just right
We ride the streets of desire
We take it slow and
Always get where we're goin'
'Cause where there's smoke there's a fire

There's no denying
We don't need to keep trying
Let's face the music and dance, dance
Well it's all semantic
What we never say
But what we feel ain't goin' away
So I wonder how could we be feeling
More than this tell me true
What it is' cause

Chorus:

=====

Something has to make us feel this way
Doesn't matter 'cause it's still the same love
Won't depend upon the words We say
Something happens when we're making love

Si ce n'est pas l'amour
Qu'est-c'que c'est?

We're superstitious
When every day is like Christmas
It should be left undisturbed
No promise spoken
Hearts don't have to get broken
More than a four letter word

If we're pretending
We can write a new ending
If we don't like where it leads yeah
Well it's new romantic
Action over words
The sweetest nothing that I've heard

I can't tell you everything I'm feeling
More than this do you know
What it is' cause

Chorus

Love by another name - 2/2

I know that I can't describe
What I'm feeling inside
Maybe I'll learn
I guess I live with the fear
This could all disappear
If I try to put it in words

Music, chorus

It's still the same of love (x2)
It's make me feel this way

It's still the same of love etc...
