

Bare grace misery - 1/1

Interprété par Nightwish.

Sweet boy, come in
I am the dark side of you
Die for my sins
Like the One once did

Cinnamon bed
For your unashamed appetite
A figurante
This dance will hurt like hell

Oh, bare grace misery
Just a child without a fairytale am I
Dark but so lovely
A Little Match Girl freezing in the snow

Love lying, enticing
(Bare grace misery)
Crowning the moment
(Bare grace misery)
This is what I am
Bare grace for the end of days

Romantic scent
Spoiled Lucrece lies warm for you
There`s no such priest
That can pray me to heaven

When done with me
Forget if you think I feel ashamed
A wild thing
Never felt sorry for anything

Love lying...
