

Fantasmic - 1/2

Interprété par Nightwish.

Part 1

Wish upon a star
Take a step enter the land
Walk through the air
Take my hand
Wishmaster`s will-
Join him the quest for dream
A make-believe
Is all we ever need

Wish upon a star
No matter who you are
The second star to the right
Harbinger`s gate
Beyond the boundaries
Blossom ballet
In the great wide somewhere

Wish upon a star
Believe in will
The realm of the king of fantasy
The master of the tale-like lore
The way to kingdom I adore
Where the warrior`s heart is pure
Where the stories will come true

Part 2

A cub of the king betrayed by usurper
A girl in the rain swearing to her father`s name
Belle the last sight for the dying gruesome
The beauties sleeping awaiting
Deep in a dream
For true love`s first kiss

Part 3

Bald Mountain Night
Devilheart endures but light
A mad aerial dance
Chernabog`s succubi

Black Cauldron born
Gurgi`s heart forlorn
Pig-keeper or hero
On a quest of augury

Fantasmic - 2/2

Maleficent`s fury
The spindle so luring
Dragon fight, dying night
Dooming might

Apprentice of Yen Sid
Conducting the galaxy
Dreamer on mountaintop
Spellbound masquerade

The Sailor an idol for the six-year-old in me
The Phoenix of White Agony Creek
Enchantress, A mermaid in a tale as old as time
A Dragonslayer, The Awakener

Wish upon a star...
