

Overdose - 1/1

Interprété par Ac/dc.

I never smoked me no cigarettes, I never drank much booze
But I'm only a man doncha understand
And a man can sometimes lose
You gave me somethin' I never had, pulled me down on you
Hit me up with a big hunka love, hope you can pull you through

I overdosed on you, I overdosed on you
Crazy but it's true, ain't nothing I can do
I overdosed on you

Woman you give to me more than I can take
But listen honey I don't mind
You're a habit I don't wanna break
Don't want none of the harder stuff
Don't need it anymore
I'm in hell and I'm sinkin' fast and I don't need no cure

I overdosed on you, I overdosed on you
Crazy but it's true, ain't nothing I can do
I overdosed on you

I'm happy as a man can be
To far gone to save
Died of love and plenty of
Just write on my grave

I overdosed on you, I overdosed on you
Crazy but it's true, ain't nothing I can do
I overdosed on you
On you
