

Red dress - 1/2

Interprété par Sugababes.

Cooler than the red dress
Coz I'm cooler, coz I'm cooler
Coz I'm cooler than the red dress
Coz I'm cooler, coz I'm cooler

A girl's invited to flaunt
To get what she wants
Cant say that its wrong ooh baby
A man world, but boy can't you see
We're pulling the strings
We're taking the lead

And when your sure
You'll never let her play you again
She'll put on your favourite smile
Unplug the phone to get you alone
Dirty dance
Her hips will send you into a trance

Coz I'm cooler than the red dress
I'd rather catch a guy on my own
Coz what you see the man gets
And if you dont im better off here alone

Woah woah woah woah oh oh oh

I DON'T NEED to candlelight to make you stay over
I'm giving it up now baby
If its what I gotta do just to own ya
I'm giving it up now maybe

To you
I'll play the desperate lady
Jump through all of the hoops boy
Instead of constant craving
I'll leave the chasing to you

And if you don't respect it
I'll kick off my Jimmy Choos
Coz boy if you don't love me
Then i've got nothing to lose

coz I've been down this road before
I should'a known that i was to blame
Wont put on your favourite smile

And when your sure

Red dress - 2/2

You'll never let her play you again
Won't put on your favourite smile
Won't unplug the phone to get you alone
Dirty dance
That's not the way i get my romance

Coz im cooler than the red dress
I'd rather catch a guy on my own
Coz what you see the man gets
And if you dont I'm better off here alone x2

Woah woah woah woah oh oh oh

Turn to candlelight to make you stay over
I'm giving it up now baby
If its what i gotta do just to own ya
I'm giving it up now maybe x2

Cooler than the red dress
Cooler than the red dress
Cooler than the red dress
Cooler than the red dress
