

Spin me around - 1/2

Interprété par Mentake.

Spin me around
You're breaking my silence
I don't feel quite the same
While you're breaking my love
And holding it tight
I'm giving you everything
Are you thinking of me
Are you thinking of something
And holding it back
Are you moving me now
Cause it's more than I can take
But you'll do it anyway

Well down here I'm waiting for tomorrow
But it'll never be cause you'll just

Chorus
Break me down
Or leave me now
You spin me around
Still searching for something
But still you just break me down

Lying awake
I'm thinking of something
Are you holding me now?
While you're looking at me
Are you taking it back
Or giving it back
Are you thinking of me
Are you thinking of something
You'll keep it to yourself (that I know)
Are you moving me now
And it's too much for me
But you'll do it anyway

Well down here I'm waiting for tomorrow
But it'll never be cause you'll just

Chorus

Down on my knees
I'm falling, I'm crawling
Still on the ground
To keep on walking, falling, crawling, breaking down

Break me down

Spin me around - 2/2

Leave me now

Chorus

You Spin me around

And I'm falling down

You spin me around

So keep on

Falling, standing, breaking, crawling

Spin me around
