

## Daddy on prozac - 1/1

**Interprété par Joseph Arthur.**

I'm in recovery  
My daddy beat his love into me  
Now I don't care about sticks or strones  
The name he called me brake my bones  
Put my daddy on prozac  
I don't think I want him back  
Make me feel dangerous

I was raised in a family  
They look like the enemy to me  
And when you're raised in captivity  
Don't you know you never get free  
Put my daddy on Prozac  
I don't think I want him back  
Make me feel dangerous
