

Living for this moment - 1/1

Interprété par Mentake.

Been searching
But never found it
I've tasted shadow
And the world below
Sought light
But nothing seemed right
At this very moment
Still so silent

What if I'd never tell you
What if you felt the same

Chorus
I'm living for this moment
There's nowhere else I'd rather be
Than right here with you
I'm living for this moment
There's nothing else I'd rather do
Than satnd right here with you

Been searching
And I,ve been dying
For thruth in your eyes
Your only compagny
I met you
Out of the blue
The world seemed so boring
But you changed it all
What if I'd never tell you
What if you felt the same

Chorus

I'll stand right here with you
for this moment
I'll stand here
Cause I melt with you again and over again

Chorus
