

## Gone - 1/1

**Interprété par Thirteen Senses.**

Sometimes I rush  
To get right to the end  
I know I'll get to this place  
When I feel the time is right

Sometimes I think  
That I know what I'm all about  
But when I look inside  
I can see the truth come out

Sometimes I try to go on  
I know it's wrong  
Cos when I see your eyes  
I can see the flame is gone,  
Gone, gone

Sometimes I climb  
To the top to see what's above  
But when I find it there  
There's no time for happiness

Sometimes I count up to ten  
Just to see when  
When will I see the sun  
Then my mind has just begun

Sometimes I try to go on  
I know it's wrong  
Cos when I see your eyes  
I can see the flame is gone,  
Gone, gone

Sometimes I try to go on  
I know it's wrong  
Cos when I see your eyes  
I can see the flame is gone,  
Gone, gone  
Gone, gone, gone.
