Kids with guns x2

Taking over
But it won't be long
They're mesmerized
Skeletons
Kids with guns x2

Easy does it, easy does it, they got something to say mental

Drinking out (is she real, is she)
Pacifier (is she real, is she)
Vitamin souls (is she real, is she)
The street desire (is she real, is she)
Doesn't make sense to (is she real, is she)
But it won't be long (is she real, is she)
Kids with guns x2
Easy does it, easy does it, they got something to say mental

[Répétition] :
And they turn into monsters
Turning us into fire
Turning us into monsters
It's all desire x3

Drinking out
Pacifier
Sinking soul
There you are
Doesn't make side to
But it won't be long
Cause kids with guns
