

## Good times - 1/1

Interprété par Tommy Lee.

Put down the magazine and get off the phone  
Theres a place I wanna show u and it wont take long  
Take a ride  
Take a ride  
Its lookin like we're getting there  
Over here, comin clear  
Place that has no rhymes, or times, or crimes  
Just good times  
Just good times  
Take me away  
To a place where the good times good times roll  
Don't let me stay  
In a place where this hate can steal my soul  
Got myself worked up over nothing today  
All this trash is in my head I gotta throw it away  
Its alright  
Its alright  
Its lookin like we're getting there  
Over here, comin clear  
Place that has no rhymes, or times, or crimes  
Just good times  
Just good times  
Take me away  
To a place where the good times good times roll  
Don't let me stay  
In a place where this hate can steal my soul  
This is it, I'm finally here  
And all the blurry lines are clear  
And everything that I cant see  
Seems to make more sense to me  
Why the hell cant I just let it go, let it go, yeah  
Take me away (away)  
where the good times good times roll (roll)  
Don't let me stay (stay)  
where this hate can steal my soul  
Let the good times roll  
Let the good times roll (take me away)  
Let the good times roll (take me away)  
Let the good times roll
