

## Waiting game - 1/1

**Interprété par Yellowcard.**

You and me  
A little different  
Though we tried to stay the same  
It never leaves  
And when it changes it is still a waiting game

I wait for a lonely breath  
I wait to surface from this death  
Wait for the light to come  
And take away these images I get  
In my head

[Chorus:]  
More than ever  
I need to feel you  
More than ever  
I see the real you

You are me  
A worst disaster would be waking up alone  
Now we're free  
We're drifting out  
Like all the ones we didn't know  
I wait for a silent tear  
I wait for things to disappear  
Wait for the ground to stop moving underneath my only fear  
If I lose you I don't know

[Chorus #2:]  
More than ever  
I need to feel you  
It's all around  
More than ever  
I see the real you  
And it surrounds

Everything, everything  
We've had  
Out of sight out of mind  
Given that  
What I see when I dream  
Hurts like hell and back  
[x2]
