

## Silver and cold - 1/1

**Interprété par Afi.**

I... I came here by day, but I left here in darkness  
And found you, found you on the way  
And now, it is silver and silent, it is silver and cold  
You, in somber resplendence, I hold

Your sins into me  
Oh, my beautiful one  
Your sins into me  
As a rapturous voice escapes, I will tremble a prayer  
And I'll beg for forgiveness  
(Your sins into me) Your sins into me  
Oh, my beautiful one

Light, like the flutter of wings, feel your hollow voice rushing into me  
As you're longing to sing  
So I... I will paint you in silver, I will wrap you in cold  
I will lift up your voice as I sink

Your sins into me  
Oh, my beautiful one, now  
Your sins into me  
As a rapturous voice escapes, I will tremble a prayer  
And I'll beg for forgiveness  
(Your sins into me) Your sins into me

Cold in life's throws, I'll fall asleep for you  
Cold in life's throws, I only ask you turn away  
Cold in life's throws, I'll fall asleep for you  
Cold in life's throws, I only ask you turn  
As they seep... into me, oh, my beautiful one, now

Your sins into me  
Oh, my beautiful one  
Your sins into me  
As a rapturous voice escapes, I will tremble a prayer  
And I'll beg for forgiveness  
(Your sins into me)  
Your sins into me... oh

Your sins into me  
Oh, my beautiful one, now  
Your sins into me  
As a rapturous voice escapes, I will tremble a prayer  
And I'll beg for forgiveness  
(Your sins into me) Your sins into...  
(Your sins into me) Your sins into me  
Oh, my beautiful one
