Every night devise new height it genocide.
Lover I am loveless!
All my friends and I toast health and suicide.
Lover, I am lonely.
Were you holding hand, when my palms bled?
Oh, I will be all right... just use me.
The future's bright without me.
Spend some time walking the line.
World is unified.
Ennui, and I divide.
Lover, I am loveless.
Red days and burning might bleed, til the faceless die.
Oh lover I am lonely.
Where you holding hands when my wrists bled?
So stay sweetly numb.
Remain lifeless, love.
So stray sweetly numb.
Maintain lifeless love
