

Miles away - 1/1

Interprété par Yeah Yeah Yeahs.

As the cars go by under the sun like an enemy
You wonder
You wonder
You wonder
As a spider comes and looks at you like an enemy
You wonder
You wonder
You wonder
Yeah miles, miles away
She's hurting people in a better world
Miles, miles away
Dressed again in the hot water
You're more beautiful than ever
Looking in the car's rear view mirror

Floor is hard uncomfortable
By the second time she wondered she hungered she hungers
like a killers wife
As the cars go by
As the cars go by
As the cars go by
Yeah as the cars go by
Miles, miles away
She's hurting people in a better world
Miles, miles away
Dressed again in the hot water
Well you're more beautiful than ever
Looking in the car's rear view mirror
You're more beautiful than ever

Miles, miles away
Miles, miles away
Miles, miles away
