

## Miles away - 1/1

## Interprété par Yeah Yeah Yeahs.

As the cars go by under the sun like an enemy

You wonder

You wonder

You wonder

As a spider comes and looks at you like an enemy

You wonder

You wonder

You wonder

Yeah miles, miles away

She's hurting people in a better world

Miles, miles away

Dressed again in the hot water

You're more beautiful than ever

Looking in the car's rear view mirror

Floor is hard uncomforted

By the second time she wondered she hungered she hungers

like a killers wife

As the cars go by

As the cars go by

As the cars go by

Yeah as the cars go by

Miles, miles away

She's hurting people in a better world

Miles, miles away

Dressed again in the hot water

Well you're more beautiful than ever

Looking in the car's rear view mirror

You're more beautiful than ever

Miles, miles away

Miles, miles away

Miles, miles away
