

# The last song i'm wasting on you - 1/1

Interprété par Evanescence.

Sparkling grey,  
Through my own veins.  
Any more than a whisper,  
Any sudden movement of my heart.  
And I know, I know I'll have to watch them pass away

Just get through this day

Give up your way, you could be anything,  
Give up my way, and lose myself, not today  
That's too much guilt to pay

Sickened in the sun  
You dare tell me you love me  
But you held me down and screamed you wanted me to die  
Honey you know, you know I'd never hurt you that way

You're just so pretty in your pain

Give up my way, and I could be anything  
I'll make my own way  
Without your senseless hate... hate... hate... hate.

So run, run, run  
And hate me, if it feels good.  
I can't hear your screams anymore

You lied to me  
But I'm older now  
And I'm not buying baby

Demanding my response  
Don't bother breaking the door down  
I found my way out

And you'll never hurt me again.
