## Alright

Hey there all you middle men Throw away your fancy clothes And why you out there sittin' on a fence So get off your arse and come down here Cause rock and roll ain't no riddle man To me it makes good good sense Good sense let's go

Heavy decibels are playing on my guitar We got vibrations comin' up from the floor We're just listenin' to the rock That's givin' too much noise Are you deaf you wanna hear some more We'll just talk about the future Forget about the past It'll always be with us It's never gonna die Never gonna die

Rock and roll ain't noise pollution Rock and roll ain't gonna die Rock and roll ain't noise pollution Rock and roll it will survive Yes it will

I took a look inside your bedroom door You looked so good lyin' on your bed Well I asked you if you wanted any rhythm and love You said you wanna rock and roll instead We'll just talk about the future Forget about the past It'll always be with us It's never gonna die Never gonna die

Rock and roll ain't noise pollution Rock and roll ain't gonna die Rock and roll ain't no pollution Rock and roll is just rock and roll

Rock and roll ain't noise pollution Rock and roll ain't gonna die Rock and roll ain't no pollution Rock and rolling will survive Rock and roll ain't no pollution Rock and roll will never die
