

Tomorrow - 1/1

Interprété par Sean Lennon.

I promise to stop loving you tomorrow
Today can be your last day in my arms again
I promise to stop thinking of you constantly
And wishin' I could wake up every morning next to you
Darling yes it's true,
But today can we pretend it's not too late?

I promise to stop dreamin' 'bout you
Promise to stop waiting for your calls
Cause I don't want to care at all
But maybe just tonight we should
Forget about what's right one last time
Because,

I promise to stop lovin' you tomorrow
Today will be your last day in my arms again
I promise to stop thinking of you constantly
And wishin' I could wake up every morning next to you
Darling yes it's true,
But today can we pretend it's not too late
Today can we pretend...
